

### Three reasons to celebrate – KelledyJones Lawyers nationally recognised, again!

At KelledyJones Lawyers we always like to celebrate and share success with our clients. Today we have four very good reasons to celebrate which we would like to share with you.

We are very excited to announce that three of our lawyers have been named amongst Australia's best lawyers.

For the eighth consecutive year, **Michael Kelledy** is named in the Best Lawyers in Australia 2019/2020 list for Government Practice.

For the first time, **Tracy Riddle** is also named in the Best Lawyers in Australia 2019/2020 list for Government Practice.

For the sixth consecutive year, **Victoria Shute** is named in the Best Lawyers in Australia 2019/2020 list for Planning and Environmental Law.

The listings can be viewed at this [link](#).

Victoria has also been listed, for the second consecutive year, in the Doyle's Guide list of Leading Planning & Environment Lawyers in South Australia for 2019.

These listings are reflective of Michael's, Tracy's and Victoria's dedication to the very highest standards of legal advice, representation and service to our clients.
